

Age just a number! Phase-I trains above 20 get facelift

Priyanka Agarwal
@timesofindia.com

New Delhi: Delhi Metro has been refurbishing its Phase-I trains, which have completed over 20 years of their total 36-year lifespan. Last year, 12 trains were refurbished, while work is currently under way for 18 trains on Red Line with the installation of CCTV cameras, mobile charging points and LCD-based dynamic metro routes.

The refurbishment was on a gradual manner and was targeted for completion by March 2025, a Delhi Metro Rail Corporation official said. Following this, 22 trains on Blue Line are planned for refurbishment. A contract is likely to be awarded by the end of this month for these 22 trains, and the target for completing this task is two-and-a-half years.

OLD, STILL GOLD: Last year, 12 trains were refurbished, while work is currently under way for 18 trains on Red Line with the installation of CCTV cameras, mobile charging points and LCD-based dynamic metro routes.

The refurbishment process includes upgrades like the installation of a CCTV system, refurbishment of the floor with composite material, repainting of the saloon and cab interior, installation of

mobile charging facilities, installation of an LCD-based Dynamic Route Map and refurbishment of electrical panels. "Works concerning electrical systems would help improve electrical reliability on the

lines, fire detection systems are focused on improved safety, while other works are towards DMC's commitment to contemporary passenger conveniences," said an official. "As part of this mid-life re-

furbishment, the trains are modified with new features to bring them on par with the rest of the trains, which were subsequently introduced into service in DMC's Phase-I and II expansions," added the official.

The construction of Delhi Metro's Phase-I, with 14 km of routes, began in 1998. The first section opened in 2002, and the last section opened in 2006.

This phase involved the construction of three new lines on broad gauge tracks. It included the 21-km-long Red Line from Shaheed to Rithala, with the station at the 13-km-long Yellow Line from Vasant Vihar to Central Sector via Inderprastha, and the 21-km-long Blue Line from Dwarka Sector 4 to Indraprastha.

22
BLUE LINE TRAINS FOR REFURB

DMRC has currently taken up the construction of three priority corridors under Phase-IV: Janakpuri West-OK, Ashram (Magenta Line), Noida Park-Maujpur (Pink Line), and Aerodrome-Tughlaqabad (Silver Line). These three corridors, with a total length of 16.202 kilometres, have 45 stations. Of these 27 are elevated, and 18 are underground.

At gunpoint, couple robbed of cash, gold chain on DME

Avinash Kumar
@timesofindia.com

Chaziabad: A gang of four men robbed a couple of Rs 80,000, a gold chain, and other valuables on the Delhi Metro Expressway on Friday afternoon. The couple had been on their way to Haridwar but had turned around when the incident occurred.

Complainant Sunny Kumar told police that he and his fiancée Aashika Khan had decided to return to Delhi due to bad weather. They stopped near Khasiaba village on the DME for a bathroom break.

While he went outside, Khan had waited in the car. Four men approached them on foot and one of them pulled a pistol on Kumar, he said. They first searched Kumar's pockets and then turned to

wards their car. Khan locked the doors to keep them away but they threatened to shoot if she didn't open them.

Once she complied, they forced Khan out of the car and took Rs 80,000 along with her purse. One of them also snatched a gold chain off Kumar's neck before fleeing.

"Immediately, I called the police and lodged a complaint with the Masuri police station," Kumar added.

An FIR has been registered under Section 302A (punishment for robbery) of BNS at the Masuri police station. During the process, officers identified all the suspects, and teams have been focused to apprehend them," said a police officer.

After 'Goof-Up', DDA Works on Erecting Shelter Again

Many Homeless Forced To Spend Nights In The Open

Times News Network

New Delhi: Delhi Development Authority (DDA) is rebuilding a makeshift shelter that was "mismanaged" demolished, with the reconstruction work expected to take approximately a week.

Activist Sandi Kumar Aledia, who is director of Centre for Holistic Development, involved in ensuring housing rights of economically weaker sections - had written to Chief Justice of India DY Chandrachud, stating that the demolition violated Supreme Court orders. Following this, DDA took up the work to rebuild the shelter.

Aledia on Sunday criticised the authorities for demolishing the shelter and causing damage to public property and expressed concern about the quality of the reconstruction work.

"These were potable cables. Even if they wanted to remove them, they could have just opened them instead of razing them. All solar panels and sheds are now completely in ruins, causing loss to public money as well. And now, while the authorities are taking up the reconstruction work, they are doing a hasty and shoddy job," he alleged.

The demolition of the DDA's shelter in Nangli Khadar near Mayapuri Vihar had left many poor individuals, mostly daily wage labourers, displaced and stranded on the streets.

The inmates of the shelter, which housed around 100 people, were shocked when they saw bulldozers arriving at the shelter around 11 am.

Gzb records ₹400cr beer sales this summer

Anjali Shrivastava

Ghaziabad: Though weather coupled with a series of long weekends and the IPL season saw beer consumption skyrocket in the city.

While beer sales typically soar every summer, this year saw a record high in between April and June. Beer worth Rs 367.1 crore was sold in Ghaziabad in these three months.

Data shared by the excise department showed, this was nearly a 6% increase from the corresponding period last year when the excise department reported Rs 373.68 crore revenue.

While NCR cities received light showers on Friday, temperatures in the region soared to 43 degrees Celsius in Mayapuri.

Amit Rai, a resident of Sahibabad, said along with the traditional lassi, beer is a preferred summer drink. "The light showers along with bubbling carbonation and cold temperatures make beer the perfect way to cool down on a scorching hot summer day," he said.

Ghaziabad excise inspector Sanjay Singh attributed the record sales to the scorching heat and no changes in the prices.

"Between April and June, 1.35 crore litres of beer was consumed in Ghaziabad. This is nearly a 6% rise from 1.25 crore litres sold in the same period last year. With the onset of monsoon, beer sales are likely to slump but the demand is likely to continue till Sep 4," he said.

The DDA's three months, 53.4 lakh litres of country-made liquor was sold this year against 46.5 lakh litres sold last year.

AN ACTIVIST ALLEGES

These were potable cables. Even if they wanted to remove them, they could have just opened them, instead of razing them. All solar panels and sheds are now completely in ruins, causing loss to public money as well

DDA officials proceeded with the demolition

Remember, a 62-year-old native of UP who had been living at the shelter for the last three years, claimed that he pleaded with the officials to give them at least 15 minutes to get their belongings, but his request was denied. He began taking shelter on the roadside near the demolished shelter, hoping that it does not rain anytime soon. Another inmate, Vishesh, 28, is unable to go to work as he cannot locate his belongings in the open. The inmates are demanding rehabilitation until the shelter is reconstructed.

In the letter to CJI, we specified that the action violated the Supreme Court's ruling which mandates that no temporary shelters can be demolished without approaching the apex court," Aledia said.

The caretaker of the shelter home, who wanted to remain anonymous, told TOI that despite showing court orders that stated that night shelters couldn't be razed.

IN THE MIDDLE OF NOWHERE: The demolition has left many poor individuals, mostly daily wage labourers, displaced on the streets

Upkeep not a walk in the park, govt to revisit plan

Times News Network

New Delhi: After several residents welfare associations (RWAs) and non-government organisations (NGOs) expressed concern that the funds provided to them to maintain the city's green lungs were not sufficient, Delhi govt may soon look into the issue.

Officials said govt would soon assess the impact of its financial aid for the maintenance of parks through Delhi Parks and Gardens Society (DPGS) and how the system could be improved for a better result. Officials said if required, a decision to enhance the funding could also be taken, depending on the feedback from RWAs and NGOs.

Officials said some of the RWAs and societies had also complained of their funding pending for several months. "Several issues have come to our knowledge and we may soon find a solution to ensure that the city's parks do not suffer," said an official.

While the actual number of parks in the capital under Delhi Development Authority (DDA) is 1,777, the Delhi Municipal Corporation (DMC) is more than 16,000. 1,500-1,600 of them — spread across nearly 650 acres — are being maintained by 270 RWAs, NGOs and societies. These small groups are funded by govt, depending on the size of the parks.

DMC, too, provides financial help to some RWAs and NGOs for maintaining parks. The RWA or the NGO maintaining a park can avail the financial aid from either MCD or Delhi Parks and Gardens Society, which comes under Environment Department. According to the data accessed by TOI, DPGS has so far spent Rs 5.4 crore on giving financial aid to RWAs, NGOs and soci-

eties registered with them since the scheme was started in the 2006-09 financial year. In 2023-24, DPGS had provided over Rs 6 crore as financial assistance for the maintenance of 1,589 parks with a total area of nearly 490 acres. As per the data, 425 RWAs had benefited from the scheme. The number, however, was far less than Rs 9 crore that Delhi govt gave to 621 RWAs and societies for the maintenance of 1,777 parks with a cumulative area of 940 acres in 2022-23. DPGS gives Rs 26 lakh per acre annually as grant-in-aid for each park being maintained by private players.

The money provided by govt is used by the RWAs, societies and NGOs to pay gardeners and helpers, and buy seeds, tools and manure, among other things. Govt gives additional financial assistance to set up a small sewage treatment plant within the park to treat wastewater used for watering the plants, officials said. Another grant of Rs 1 lakh is given if a new barren park is taken up and developed.
