Presents

ONE WEEK FDP

on

TRANSFORMING MANAGEMENT EDUCATION ECOSYSTEMS THROUGH AI, DATA ANALYTICS AND DIGITAL TECHNOLOGIES

29th June to 3rd July 2026

Jagan Institute of Management Studies

(NAAC Accredited 'A++' Grade Institution)

Affiliated to GGSIPU University & Approved U/s 2(f) of UGC Act 1956

Recognized by Govt. of NCT Delhi & NCTE

ABOUT FDP

The rapid integration of Artificial Intelligence (AI), data analytics, and digital technologies is fundamentally transforming the landscape of management education. Business schools & higher education institutions are increasingly required to redesign their academic ecosystems to remain relevant, future-ready, and aligned with the demands of Industry 4.0 and the digital economy.

The Faculty Development Programme (FDP) on “Transforming Management Education Ecosystems through AI, Data Analytics, and Digital Technologies” is designed to equip faculty members, academic leaders, and researchers with the knowledge, frameworks, and digital competencies needed to navigate this transformation effectively.

This FDP aims to provide a strategic understanding of how AI-driven tools, data-informed decision-making, digital pedagogy, and emerging technologies can reshape curriculum design, teaching methodologies, assessment systems, research practices, and institutional governance in management education.

KEY OBJECTIVES

- To understand the role of AI, data analytics, and digital technologies in transforming management education.
- To explore emerging trends in digital pedagogy and technology-enabled ecosystems. teaching-learning
- To examine how AI can enhance curriculum design, instructional delivery, student engagement, and assessment practices.
- To develop an understanding of data-driven academic decision-making & learning analytics.

Important Dates

Mode:

Offline (On-Campus Only)

Last Date for Registration:

22nd June, 2026

Commencement of FDP:

29th June, 2026

- To familiarize participants with digital tools for teaching, research, collaboration, and academic administration.
- To enhance faculty readiness for blended, personalized, & environments. future-focused learning

LEARNING OUTCOMES

By the end of this Faculty Development Programme (FDP), participants will be able to:

- Develop a comprehensive understanding of how Artificial Intelligence (AI), data analytics, & digital technologies are transforming management education.
- Gain practical insights into digital pedagogy and AI-enabled teaching-learning methodologies.
- Understand & apply data-driven academic practices for institutional effectiveness and improved learning outcomes.
- Integrate emerging technologies into teaching, learning, assessment, research, and administrative processes.
- Design innovative, future-ready, and technology-driven academic ecosystems.
- Enhance classroom engagement and student participation using AI-powered educational tools.
- Apply digital approaches to curriculum design, instructional delivery, and assessment strategies.
- Develop competency in using Learning Management Systems (LMS) & virtual learning platforms effectively.
- Understand the role of data analytics in academic planning, student performance monitoring, and strategic decision-making.
- Explore innovative models of blended learning, flipped classrooms, and online education.

Program Schedule

Day	Date	10:00am–11:30am	11:30am–12:00pm	12:00pm–1:30pm	1:30pm–2:30pm	Resource Persons
