### Health Awareness Series

IP Department of JIMS organized “Health Awareness Series –V on “Healthy Lifestyle: In Pursuit to Fight Cancer” on 15th January 2019. Session started with the welcome address by Dr Praveen Arora, Dean – IPU affiliated programs, who formally introduced and welcomed the distinguished speakers. Dr Anshuman Kumar started his session with a general discussion on health

and healthy habits. He effectively established the role played by five basic elements as important cause for good health. In this highly interactive session he conveyed the importance of healthy habits in decreasing the probability of deadly diseases. Dr Puneet Ahluwalia in his presentation completely focussed on causes and cure of different types of cancer. He also appraised the audience about different types of diagnostic techniques used for its early detection. Audience comprising of students of BBA was highly appreciative of this session. Session ended with a vote of thanks by Ms Bhawna Galhotra.

### Stress Management Activity

Jagan Institute of Management Studies, Sector 5, Rohini, Delhi organized a pre placement activity in their premises on January 15, 2019 titled “Stress Management and life skills”. The session was devised by Ms. Silky Madan & Ms. Geeta Sharma to enlighten the students of BBA and BCA program on these skills. The resource person for the seminar was Dr. Sanju Gambhir who's a renowned counsellor, wellness

consultant and psychotherapist. Large number of students from the final and sophomore year poured in to gain more insight on what stress is, how it affects the major domains of life, how to cope with it and the common stress busters. Dr. Sanju initiated the session by explaining what stress is, up-to what limit it is positive and what are the signs and symptoms to identify it followed by a presentation on the same. She explained in her session how stress gradually affects us on the mental level. She also suggested ways to make wise decisions to fight it.

### Pre-Placement Activity: “How to improve interview performance”

A pre placement activity was organized by Jagan Institute of Management Studies, Sector 5, Rohini, Delhi on 25th January, 2019 on the topic “How to improve interview performance”. Large number of students from the final year were a part of this enlightening session to learn about the important aspects of interviews, the skills required and how to ace them up. The session was taken up by Mr. Ravi Manoram from TIME Education Pvt. Ltd. He is an alumnus of Delhi college of Engineering and FMS, Delhi University. He talked about the various aspects of interviews, why they are held, how they take place and how to go about them. He talked about the various aspects of interviews, why they are held, how they take place and how to go about them. The latter part of the session was quite engaging and interactive with some fun marketing and selling activities performed by certain students in order to learn better about interview skills. The session served as an advantageous value addition for the students as they buckle up important skills in their arsenal to face up the corporate world.
