S. No.	Parameter	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
1	Syllabus is fully covered before End term exams	✓				
2	The Add-on courses provided are as per industry needs	✓				
3	Mentorship helps in upliftment of students	✓				
4	The assignments are given and checked on regular basis	✓				
5	Guest/Alumni/Seminars are held as per industry requirements	✓				

Which POs (Programme Objectives) do you think students satisfying?
Please evaluate on scale of 3-High, 2-Moderate, 1-Low

(POs)#	Description	3	2	1
PO1	Understand the fundamental concepts of computers, software hardware and peripheral devices and evolution of computer technologies.	✓		
PO2	Familiarized with business environment and information technology and its applications in different domains.	✓		

Jagan Institute of Management Studies jims
NAAC A++ Grade & NBA Accredited MCA Program
3, Institutional Area, Sector-5, Rohini, Delhi-110085

PO3	Gain knowledge to identify, explain and apply functional programming and object-oriented programming techniques and use of databases to develop computer programs.	✓		
PO4	Analyze, design, implement and evaluate computerized solutions to real life problems, using appropriate computing methods including web applications.	✓		
PO5	Understand the front end and backend of software applications.	✓		
PO6	Gain expertise in at least one emerging technology.	✓		
PO7	Acquire knowledge about computer networks, network devices and their configuration protocols, security concepts at various level etc.	✓		
PO8	Apply techniques of software validation and reliability analysis to the development of computer programs.	✓		
PO9	Acquire technical, communication and management skills to convey or present information, applications, instructions, policies, procedures, decisions, documentations etc. verbally as well as in writing.	✓		
PO10	Recognize the various issues related to society, environment, health and vivid cultures and understand the responsibilities to contribute in providing the solutions.	✓		
PO11	Acquire technical skills to lead a productive life in the society as a professional or as an entrepreneur		✓	

Which POs (Programme Learning Outcomes) do you think students satisfying?
Please evaluate on scale of 3-High, 2-Moderate, 1-Low

PLO#	Attribute	Description	3	2	1
PLO1	Communication Skills	The student should be able to communicate the technical information both orally and inwriting professionally.		✓	
PLO2	Use of Software Tools	Create, select, adapt and apply suitable tools and technologies to a wide range of computational activities.	✓		
PLO3	Technical Skills	Acquire necessary knowledge of technical, scientific as well as basic managerial and financial procedures to analyze and solve real world problems within their work domain	✓	✓	
PLO4	Domain Awareness	Clarity on both conceptual and application oriented skills in commerce, finance & accounting and it applications in business context.		✓	

Jagan Institute of Management Studies jims

NAAC A++ Grade & NBA Accredited MCA Program

3, Institutional Area, Sector-5, Rohini, Delhi-110085

PLO5	Technical Support	Must be able to provide technical support for various software applications.	✓		
PLO6	Analysis and investigation of Complex Computing Problems	Ability to analyze research and investigate complex computing problems through design of experiments, analysis and interpretation of data and synthesis of the information to arrive at valid conclusions.	✓		
PLO7	Design / Development of Solutions	Apply the knowledge gained in core courses to a broad range of advanced topics in computer science, to learn and develop sophisticated technical products independently.	✓		
PLO8	Imbibe Cyber Ethics	Awareness on ethics, values, sustainability and creativity aspects of technical solutions.	✓

Which PSO (Programme Specific Learning Outcomes) (PLO) and Generic Learning Outcomes (GLO) do you think students satisfying?

Please evaluate on scale of 3-High, 2-Moderate, 1-Low

PLO#	Description	3	2	1
PSO 1	Comprehensive knowledge and coherent understanding of the Computer Applications in various domains and emerging developments associated with the Computer Science and Information Technology	✓		
PSO 2	Practical, professional, and procedural knowledge required for carrying out professional or highly skilled work/tasks in	✓		

Jagan Institute of Management Studies jims
NAAC A++ Grade & NBA Accredited MCA Program
3, Institutional Area, Sector-5, Rohini, Delhi-110085

	the field of computer science and Information Technology, including knowledge required for undertaking self-employment initiatives, and knowledge and mindset required for entrepreneurship involving enterprise creation, improved product development, or a new mode of organization.	✓		
PSO 3	Skills in areas related to specialization in the chosen disciplinary/interdisciplinary area(s) of learning including wide-ranging practical skills, involving variable routine and non-routine contexts relating to the Computer Applications	✓		
PSO 4	Capacity to extrapolate from what has been learned, translate concepts to real-life situations and apply acquired competencies in new/unfamiliar contexts, rather than merely replicate curriculum content knowledge, to generate solutions to specific problems.	✓		

Please evaluate on scale of 3-High, 2-Moderate, 1-Low

(POs)#	Description	3	2	1
PO1	**Disciplinary Knowledge:** Apply the knowledge of computer application concepts and domain knowledge to solve the problems in IT domain/IT industry		✓	
PO2	**Problem Analysis:** Identify, formulate, review research literature, and analyse complex computer Application problem at their workplace and for the society.		✓	
PO3	**Design /Development of Solutions:** Design and evaluate solutions for computer applications problems, and design the processes that meet specified needs with appropriate consideration for the public health, safety, cultural, societal, and environmental considerations.	✓		
PO4	**Modern Tool Usage:** Create, select, adapt and apply appropriate techniques, resources, and modern computing tools to complex computer application activities, with an understanding of the limitations.	✓		
PO5	**Professional Ethics:** Understand and commit to professional ethics and cyber regulations, responsibilities, and norms of professional computing practices	✓		
PO6	**Life-long Learning:**			

Jagan Institute of Management Studies jims
NAAC A++ Grade & NBA Accredited MCA Program
3, Institutional Area, Sector-5, Rohini, Delhi-110085

	Recognize the need, and have the ability, to engage in independent learning for Continual development as a computing professional.	✓		
PO 7	**Project management and finance:** Demonstrate knowledge and understanding of the computing and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.	✓		
PO 8	**Communication Efficacy with Cooperation/teamwork** Communicate effectively with the computing community, and with society at large, about complex computing activities by being able to comprehend and write effective reports, design documentation, make effective presentations, and give and understand clear instructions. Function effectively as an individual and as a member or a leader.	✓		
PO 9	**Societal and Environmental Concern:** Understand and assess societal, environmental, health, safety, legal, and cultural issues within local and global contexts, and the consequential responsibilities relevant to professional computing practices.		✓	
PO 10	**Innovation and Entrepreneurship** Identify a timely opportunity and using innovation to pursue that opportunity to create value and wealth for the betterment of the individual and society at large	✓

Which PEOs (Programme Educational Objectives) do you think students satisfying?
Please evaluate on scale of 3-High, 2-Moderate, 1-Low

PEO#	Parameters	3	2	1
PEO-1	Exhibit professional competencies and knowledge for being a successfultechnocrat.	✓		
PEO-2	Adopt creative and innovative practices to solve real-life complex problems.	✓		
PEO-3	Be a lifelong learner and contribute effectively to the betterment of the society.		✓	
PEO-4	Be effective and inspiring leader for fellow professionals and face the challengesof the rapidly changing multi-dimensional, contemporary world.	-	✓	

Which POs (Programme Outcomes) do you think students satisfying?

Jagan Institute of Management Studies jims

NAAC A++ Grade & NBA Accredited MCA Program

3, Institutional Area, Sector-5, Rohini, Delhi-110085

Please evaluate on scale of 3-High, 2-Moderate, 1-Low

PO#	Parameters	3	2	1
PO-1	Computational Knowledge (**CK**): Demonstrate competencies in fundamentals of computing, computing specialization, mathematics and domain knowledge suitable for the computing specialization to the abstraction and conceptualization of computing models from defined problemsand requirements.	✓		
PO-2	Problem Analysis (**PA**): Identify, formulate and analyse complex real-life problems in order to arrive at computationally viable conclusions using fundamentals of mathematics, computer sciences, management and relevant domain disciplines.	✓		
PO-3	Design / Development ofSolutions (**DDS**): Design efficient solutions for complex, real-world problems to design systems, components or processes that meet the specifications with suitable consideration to public health, safety, cultural, societal and environmental considerations	✓		
PO-4	Conduct Investigations of Complex Computing Problems (**CICP**): Ability to research, analyze and investigate complex computing problems through design of experiments, analysis and interpretation of data and synthesis of the information to arrive at valid conclusions.		✓	
PO-5	Modern Tool Usage (**MTU**): Create, select, adapt and apply appropriate technologies and tools to a wide range of computational activities while understanding their limitations	✓		
PO-6	ProfessionalEthics (**PE**): Ability to perform professional practices in an ethical way, keeping in the mind cyber regulations & laws, responsibilities and norms of professional computing practices.	✓		
PO-7	Life-long Learning (**LLL**): Ability to engage in independent learning for continuous self-development as a computing professional.		✓	
PO-8	Project Management and Finance (**PMF**): Ability to apply knowledge and understanding of the computing and management principles and apply these to one's own work, as a member and leader in a team, to manage projects in multidisciplinary environments.	✓		

Jagan Institute of Management Studies jims
NAAC A++ Grade & NBA Accredited MCA Program
3, Institutional Area, Sector-5, Rohini, Delhi-110085

PO-9	Communication Efficacy (**CE**): Ability to effectively communicate with the technical community and with the society at large about *complex* computing activities by being able to understand and write effective reports, design documentation, make effective presentations with the capability of giving and taking clear instructions.	✓		
PO-10	Societal and EnvironmentalConcern (**SEC**): Ability to recognize and assess societal, environmental, health, safety, legal and cultural issues within local and global contexts and the consequential responsibilities applicable to professional computing practices.	✓		
PO-11	Individual and Team Work (**I&T**) Ability to work in multi-disciplinary team collaboration both asa member and leader, as per need.	✓		
PO-12	Innovation and Entrepreneurship (**I&E**): Ability to apply innovation to track a suitable opportunity to create value and wealth for the betterment of the individual and society at large.	✓

Which Programme specific Learning Outcomes (PLO) and Generic Learning Outcomes (GLO)?

Please evaluate on scale of 3-High, 2-Moderate, 1-Low

Programme Specific Learning Outcomes (PLOs)	Description	3	2	1
PSO 1	Comprehensive knowledge and coherent understanding of the Computer Applications in various domains and emerging developments associated with the Computer Science and Information Technology	✓		
PSO 2	Practical, professional, and procedural knowledge required for carrying out professional or highly skilled work/tasks in the field of computer science and Information Technology, including knowledge required for undertaking self- employment initiatives,	✓		

Jagan Institute of Management Studies jims
NAAC A++ Grade & NBA Accredited MCA Program
3, Institutional Area, Sector-5, Rohini, Delhi-110085

	and knowledge and mindset required for entrepreneurship involving enterprise creation, improved product development, or a new mode of organization.	✓		
PSO 3	Skills in areas related to specialization in the chosen disciplinary/interdisciplinary area(s) of learning including wide-ranging practical skills, involving variable routine and non-routine contexts relating to the Computer Applications	✓		
PSO 4	Capacity to extrapolate from what has been learned, translate concepts to real-life situations and apply acquired competencies in new/unfamiliar contexts, rather than merely replicate curriculum content knowledge, to generate solutions to specific problems.	✓		

Programme Outcomes (PO)	The student should be able to demonstrate the capability to:	3	2	1
PO1	***Disciplinary Knowledge:*** Apply the knowledge of computer application concepts and domain knowledge to solve the problems in IT domain/IT industry		✓	
PO2	***Problem Analysis:*** Identify, formulate, review research literature, and analyse complex computer application problem at their workplace and for the society.	✓		
PO3	***Design /Development of Solutions:*** Design and evaluate solutions for computer applications problems, and design the processes that meet specified needs with appropriate consideration for the public health, safety, cultural, societal, and environmental considerations.	✓		
PO4	***Modern Tool Usage:*** Create, select, adapt and apply appropriate techniques, resources, and modern computing tools to complex computer application activities, with an understanding of the limitations.	✓		
PO 5	***Professional Ethics:*** Understand and commit to professional ethics and cyber regulations, responsibilities, and norms of professional computing practices.		✓	
PO 6	***Life-long Learning:*** Recognize the need, and have the ability, to engage in independent learning for continual development as a computing professional.		✓	

Jagan Institute of Management Studies jims
NAAC A++ Grade & NBA Accredited MCA Program
3, Institutional Area, Sector-5, Rohini, Delhi-110085

PO 7	***Project management and finance:*** Demonstrate knowledge and understanding of the computing and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.	✓		
PO 8	***Communication Efficacy with Cooperation/teamwork*** Communicate effectively with the computing community, and with society at large, about complex computing activities by being able to comprehend and write effective reports, design documentation, make effective presentations, and give and understand clear instructions. Function effectively as an individual and as a member or a leader.	✓		
PO 9	***Societal and Environmental Concern:*** Understand and assess societal, environmental, health, safety, legal, and cultural issues within local and global contexts, and the consequential responsibilities relevant to professional computing practices.		✓	
PO 10	***Innovation and Entrepreneurship*** Identify a timely opportunity and using innovation to pursue that opportunity to create value and wealth for the betterment of the individual and society at large.		✓

(POs)#	Description	3	2	1
PO1	Understand the fundamental concepts of computers, software hardware and peripheral devices and evolution of computer technologies.	✓		
PO2	Familiarized with business environment and information technology and its applications in different domains.	✓		
PO3	Gain knowledge to identify, explain and apply functional programming and object-oriented programming techniques and use of databases to develop computer programs.	✓		
PO4	Analyze, design, implement and evaluate computerized solutions to real life problems, using appropriate computing methods including web applications.	✓		
PO5	Understand the front end and backend of software applications.		✓	
PO6	Gain expertise in at least one emerging technology.	✓		
PO7	Acquire knowledge about computer networks, network devices and their configuration protocols, security concepts at various level etc.	✓		
PO8	Apply techniques of software validation and reliability analysis to the development of computer programs.		✓	
PO9	Acquire technical, communication and management skills to convey or present information, applications, instructions, policies, procedures, decisions, documentations etc. verbally as well as in writing.	✓		
PO10	Recognize the various issues related to society, environment, health and vivid cultures and understand the responsibilities to contribute in providing the solutions.	✓		
PO11	Acquire technical skills to lead a productive life in the society as a professional or as an entrepreneur	✓

ESSENTIAL DETAILS

Which PLOs (Programme Learning Outcomes) do you think students satisfying?
Please evaluate on scale of 3-High, 2-Moderate, 1-Low

PLO#	Attribute	Description	3	2	1
PLO1	Communication Skills	The student should be able to communicate the technical information both orally and inwriting professionally.	✓		
PLO2	Use of Software Tools	Create, select, adapt and apply suitable tools and technologies to a wide range of computational activities.	✓		
PLO3	Technical Skills	Acquire necessary knowledge of technical, scientific as well as basic managerial and financial procedures to analyze and solve real world problems within their work domain	✓		
PLO4	Domain Awareness	Clarity on both conceptual and application oriented skills in commerce, finance & accounting and it applications in business context.	✓		
PLO5	Technical Support	Must be able to provide technical support for various software applications.	✓		
PLO6	Analysis and investigation of Complex Computing Problems	Ability to analyze research and investigate complex computing problems through design of experiments, analysis and interpretation of data and synthesis of the information to arrive at valid conclusions.	✓		
PLO7	Design / Development of Solutions	Apply the knowledge gained in core courses to a broad range of advanced topics in computer science, to learn and develop sophisticated technical products independently.	✓		
PLO8	Imbibe Cyber Ethics	Awareness on ethics, values, sustainability and creativity aspects of technical solutions.	✓

ESSENTIAL DETAILS

Which PEOs (Programme Educational Objectives) do you think students satisfying?
Please evaluate on scale of 3-High, 2-Moderate, 1-Low

PEO#	Parameters	3	2	1
PEO-1	Exhibit professional competencies and knowledge for being a successfultechnocrat.	✓		
PEO-2	Adopt creative and innovative practices to solve real-life complex problems.	✓		
PEO-3	Be a lifelong learner and contribute effectively to the betterment of the society.	✓		
PEO-4	Be effective and inspiring leader for fellow professionals and face the challengesof the rapidly changing multi-dimensional, contemporary world.	✓		

Which POs (Programme Outcomes) do you think students satisfying?
Please evaluate on scale of 3-High, 2-Moderate, 1-Low

PO#	Parameters	3	2	1
PO-1	Computational Knowledge (**CK**): Demonstrate competencies in fundamentals of computing, computing specialization, mathematics and domain knowledge suitable for the computing specialization to the abstraction and conceptualization of computing models from defined problemsand requirements.	✓		
PO-2	Problem Analysis (**PA**): Identify, formulate and analyze complex real-life problems in order to arrive at computationally viable conclusions using fundamentals of mathematics, computer sciences, management and relevant domain disciplines.	✓		
PO-3	Design / Development ofSolutions (**DDS**): Design efficient solutions for complex, real-world problems to design systems, components or processes that meet the specifications with suitable consideration to public health, safety, cultural, societal and environmental considerations	✓		
PO-4	Conduct Investigations of Complex Computing Problems (**CICP**): Ability to research, analyze and investigate complex computing problems through design of experiments, analysis and interpretation of data and synthesis of the information to arrive at valid conclusions.	✓		
PO-5	Modern Tool Usage (**MTU**): Create, select, adapt and apply appropriate technologies and tools to a wide range of computational activities while understanding their limitations	✓

ALUMNI FEEDBACK FORM

ESSENTIAL DETAILS

PO-6	ProfessionalEthics (PE): Ability to perform professional practices in an ethical way, keeping in the mind cyber regulations & laws, responsibilities and norms of professional computing practices.	✓		
PO-7	Life-long Learning (LLL): Ability to engage in independent learning for continuous self-development as a computing professional.	✓		
PO-8	Project Management and Finance (PMF): Ability to apply knowledge and understanding of the computing and management principles and apply these to one's own work, as a member and leader in a team, to manage projects in multidisciplinary environments.	✓		
PO-9	Communication Efficacy (CE): Ability to effectively communicate with the technical community and with the society at large about *complex* computing activities by being able to understand and write effective reports, design documentation, make effective presentations with the capability of giving and taking clear instructions.	✓		
PO-10	Societal and EnvironmentalConcern (SEC): Ability to recognize and assess societal, environmental, health, safety, legal and cultural issues within local and global contexts and the consequential responsibilities applicable to professional computing practices.	✓		
PO-11	Individual and Team Work (I&T) Ability to work in multi-disciplinary team collaboration both asa member and leader, as per need.	✓		
PO-12	Innovation and Entrepreneurship (I&E): Ability to apply innovation to track a suitable opportunity to create value and wealth for the betterment of the individual and society at large.	✓

POS#	Description	3	2	1
PO1	Provide students with a solid foundation in economic theories, concepts, and principles to understand how economies function.	✓		
PO2	Enhance students' communication skills to effectively convey economic ideas, theories, and analyses.		✓	
PO3	Foster an understanding of how global economic forces and trends impact local economies and vice versa	✓		
PO4	Enable students to evaluate economic policies and their implications by critically analysing economic issues, trends, and data using quantitative and qualitative methods.	✓		
PO5	Prepare students to apply their economic knowledge and skills in a rapidly changing job market and diverse industries.	✓		
PO6	Equip students with the skills to identify and address economic problems, both theoretical and real-world, by applying economic theories and mathematical models	✓		
PO7	Teach students how to conduct economic research, gather data, and interpret findings to draw meaningful conclusions considering ethical dimensions in economic decision-making.	✓		
PO8	Promote the integration of economics with other disciplines, enabling students to address complex societal issues and to instil a lifelong learning mindset	✓
